To Whom It May Concern:

I am writing this letter to recommend the BleaChair products for any stadium enhancement. We recently gutted and added new BleaChair Maximus products to our football facility. The quality of the product is second to none. In addition, Matt and his staff did an outstanding job of providing them in a time crunch. From the time of order to receipt of the product was phenomenal and helped us get them installed before our home opener. I would highly recommend the BleaChair products, Matt and his team at Dreamseat to anyone looking to improve their fan experience.

Sincerely,

Ryan Ivey
Director of Athletics
