To Whom It May Concern:

I am writing this letter as a recommendation for Seating Solutions and their BleaChair seats. We installed 330 seats this season. The people we worked with were very helpful. They talked us through every step of the way. We started with measurements from our existing aluminum bleachers all the way to installation of the seats. The project went by very smoothly and faster than I had thought it would take. The seats look great and I intend to add to the project every year. I would recommend Seating Solutions to anyone looking to add seats to their stadium.

*Thanks,
Dave Adams
