Tami and the Seating Solutions Team,

Thank you so much for another great experience! The bleacher set Seating Solutions provided for the NCAA March Madness Music Festival was perfect. My team was particularly impressed with the branded panels on the rear and sides of the bleacher system. I am so glad we opted in for this feature. The signage was extremely eye-catching and fit the unit perfectly. The print quality was superb!

We will look to you for a similar branding solution for our College GameDay bleacher system.

As always, we look forward to working with your team in the future.
