RE: SEATING SOLUTIONS

Please accept this letter in support of Seating Solutions as a result of their ability to provide media seating for our League Championship and World Series games the past two years.

Seating Solutions provided their ultimate seating product and allowed us to increase our seating capacity for both fans and media throughout the playoffs. The final product was an attractive, safe, and comfortable seating system that looked as if it was a permanent fixture in the ballpark.

Perhaps the best part of working with Seating Solutions was their flexibility when it came to our playoff schedule. They worked with us to supply seating for each series and allowed us the ability to add more seating with as little as two days' notice. This allowed us to add seating as needed without making an expensive commitment in advance.

Because of this level of service and commitment, I would recommend Seating Solutions for any temporary seating project you may have.

Sincerely,
